

OWNER'S MANUAL

WARNING: BEFORE DISASSEMBLING ANY PART OF THE 7060 LED FLASHLIGHT, ENSURE THAT THE FLASHLIGHT HAS NOT BEEN OPERATING FOR FIVE (5) MINUTES. DURING OPERATION, THE LED MODULE CAN BECOME EXTREMELY HOT AND MAY CAUSE INJURY IF TOUCHED.

Flashlight Operation

The 7060 LED is a high performance flashlight for use by professionals. This flashlight comes equipped with a high output LED pre-focused lamp that emits a strong tight beam of white light. There is no need to focus the 7060 LED.

DO NOT SHINE THIS FLASHLIGHT DIRECTLY INTO ANY PERSON'S EYES: THIS MAY RESULT IN INJURY.

Your 7060 LED battery pack comes to you partially charged and needs to be fully charged prior to use.

The 7060 is equipped with a tail switch, as well as a body switch. The light can be activated with either switch and both switches offer momentary activation (half button press), as well as a locked 'constant on' position (full button press).

The flashlight will provide (3) light levels: High/Medium/Low. To access High, depress once. To access Medium, provide two half presses within 1 second of each other, then fully depress to lock on Medium. To access Low, provide three half presses within 1 second of each other, then fully depress to lock on Low.

Charging

Plug the USB-C cable (included) into the light and power via an USB port on a computer or any USB AC adapter.

The charger is capable of charging the battery pack in under 5 hours. The LED Charge Lights will indicate where the battery is in the charge cycle as follows:

Flashing Red Light = 7060 Charging
Solid Green Light = 7060 Fully Charged

NOTE: There is no need to fully discharge the 7060 flashlight prior to charging. The flashlight can be left indefinitely in the charger without fear of over-charging.

Battery Replacement

For optimal performance, replace the rechargeable Li-ion battery after 300 to 500 full charge cycles. The battery is available wherever Pelican flashlights are sold or directly from Pelican Products Customer Service.

To replace the battery:

1. Unscrew the tail switch located at the rear of the 7060 LED.
2. Remove the battery.
3. Insert the new battery following the direction on the battery decal.
4. Replace the tail switch & tighten it all the way down.

NOTE: Please act responsibly when disposing of the LI-ION Battery. This part is recyclable and should not be disposed of in the municipal waste system. Please check with your local waste disposal authority for information.

O-Ring Maintenance

Check closely for cuts, scratches, or otherwise damaged O-ring or mating lens lip surface. Remove any dirt or foreign matter from O-ring sealing surfaces. Keep threads, O-ring groove and inside lip of lens lubricated with silicone grease. See Warranty information for replacement of O-ring.

BATTERY SAFETY

BATTERY SAFETY – YOU MUST READ THESE WARNINGS AND INSTRUCTIONS BEFORE USING OR CHARGING YOUR BATTERIES!

WARNING: HANDLE AND STORE BATTERIES PROPERLY TO AVOID INJURY OR DAMAGE

BATTERIES CAN BE DANGEROUS!

IMPROPER HANDLING OF BATTERIES CAN LEAD TO LEAKING, FIRE OR EXPLOSION WHICH CAN CAUSE SERIOUS INJURY OR PROPERTY DAMAGE.

Rechargeable Batteries

For Safety Certified Products: Hazardous Location Safety Approvals for explosive environments are only valid for the Pelican battery pack that is supplied with the equipment.

- » For replacement battery packs, only use the approved Pelican battery pack for the model of the product that you are using. The use of other battery packs will reduce performance, expose the user or others to serious injury, and will invalidate the safety approval.
- » Equipment should only be charged in a non-hazardous location.
- » Equipment should only be charged using the Pelican charger and/or charger base that is supplied.
- » Batteries should be charged and operated between the temperatures shown in this table:

BATTERY TYPE	CHARGING TEMP	OPERATING TEMP
Li-Ion and LiFePO4	0°C to 45°C (32°F to 113°F)	-20°C to 60°C (-4° F to 140°F)

- » Deep discharge* of the rechargeable batteries may cause batteries to vent potentially dangerous gasses and electrolytes.
- » It is strongly recommended to condition* batteries every three months. During storage, the capacity of the battery decreases due to self-discharging. Leaving the product unused for long periods of time will decrease the battery life. Withdrawal of the charger from the product prior to a 'READY' indication will result in an inadequate charge.
- » If products are stored that contain rechargeable products, it is advisable to do so in a cool, dry place. If the average temperature exceeds 25°C (77°F) (below 30°C or 86°F), the frequency of supplementary charging should increase.
- » It is advisable to always condition a battery that has been stored before use.

* Deep Discharge: The battery has been allowed to discharge most of its capacity to a point beyond which irreparable damage has occurred. See battery specifications for the specific levels.

* Condition a Battery: Charge your battery to the fullest capacity and then disconnect from charger. Let the light run until it completely drains the battery and turns itself off. Place the flashlight back onto its charger and completely recharge the battery before using it. This conditioning or "cycling" of the battery will help it retain a fuller charge for a longer period of time.

Warning

- » If the charger fails to indicate a full charge after repeated charging attempts, or the battery exhibits a marked reduction in performance, a battery replacement is required.
- » DO NOT use chargers designed for a different battery technology or equipment, or model. Doing so may damage the product and expose the user to serious injury or property damage.
- » Li-Ion and LiFePO4 Rechargeable Battery Packs: DO NOT use Li-Ion and LiFePO4 rechargeable battery packs for longer than five years. Using for a period longer than five years will reduce the performance of the battery and expose the user to serious injury or property damage.

Battery Recycling

ALWAYS dispose of batteries properly at an approved battery recycling center. Failure to do so may be a crime and can lead to the release of harmful toxic materials. Pelican has partnered with Call 2 Recycle in the US and Canada to dispose of recyclable batteries. Please call 1-800-822-8837 to find a battery recycling center near you.

PELICAN LIMITED LIFETIME WARRANTY

Pelican Products, Inc. ("Pelican") guarantees its flashlights and headlamps for a lifetime against breakage or defects in workmanship. This guarantee does not cover the lamp or batteries.

TO THE EXTENT PERMITTED BY LAW: (A) THIS WARRANTY IS IN LIEU OF ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE; (B) ALL OTHER IMPLIED WARRANTIES AND ANY LIABILITY NOT BASED UPON CONTRACT ARE HEREBY DISCLAIMED AND EXCLUDED; AND (C) IN NO EVENT SHALL PELICAN BE LIABLE FOR ANY INDIRECT, PUNITIVE, INCIDENTAL OR CONSEQUENTIAL DAMAGES, OR SPECIAL DAMAGES, REGARDLESS OF WHETHER A CLAIM FOR SUCH DAMAGES IS BASED ON WARRANTY, CONTRACT, NEGLIGENCE OR OTHERWISE, nor shall Pelican's liability to the purchaser for damages exceed the purchase price of the product in respect of which damages are claimed.

Pelican will either repair or replace any defective product, at our sole option. Certain products are available for a limited time only. If a claim is made involving one of these products, Pelican reserves the right to replace a broken or defective product with a standard Pelican product of comparable size and quality if no comparable limited edition product is available at the time of a claim. TO THE EXTENT PERMITTED BY LAW, THIS SHALL BE THE SOLE AND EXCLUSIVE REMEDY OF THE PURCHASER.

To make a warranty claim, the purchaser must complete the warranty claim form at <https://www.pelican.com/us/en/support/warranty/>. Any warranty claims shall be made by the purchaser as soon as practicable. The purchaser must obtain a return authorization number from Pelican Customer Service prior to returning any product, and is responsible for paying for all warranty freight costs. If Pelican determines that any returned product is not defective, within the terms of this warranty, the purchaser shall pay Pelican all costs of handling, return freight and repairs at Pelican's prevailing rates.

All warranty claims of any nature are barred if the product has been altered, damaged or in any way physically changed, or subjected to abuse, misuse, negligence or accident.

Some states and countries do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may have other rights which vary from state to state and country to country.

In Australia: Where the product is purchased in Australia, the above warranty will not apply if the product has been used at any time for, or in connection with, military applications.

The benefits provided to you under this warranty are in addition to your rights and remedies as a consumer under the Australian Consumer Law as contained in the Competition and Consumer Act 2010 (Cth) ("the Act"). Nothing in this warranty limits the rights or obligations of a party under the Act in relation to the supply to consumers of goods which cannot be limited, modified or excluded. If applicable, our goods come with guarantees that cannot be excluded under the Act. Consumers are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. Consumers are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. If you are not a consumer under the Act, then your rights may be limited.

To make a warranty claim, the purchaser must contact Pelican Products Australia, 2 Forbes Close, Knoxfield, Victoria 3180, Tel: +613 9765 1500, Email: warranty.australia@pelican.com. Any warranty claims shall be made by the purchaser as soon as practicable. The purchaser must obtain a return authorization number from Pelican Customer Service prior to returning any case, and the purchaser is responsible for paying the costs of returning the goods to Pelican for inspection. If the goods are defective within the terms of this warranty, Pelican will repair the case or otherwise issue a replacement good at no further cost to the purchaser. If the goods are found not to qualify for a warranty claim, Pelican will return the goods to the purchaser at the purchaser's expense.

Lifetime warranty does not cover Remote Area Lighting System products.

Visit www.pelican.com/warranty for full details.
