INTRODUCTION:

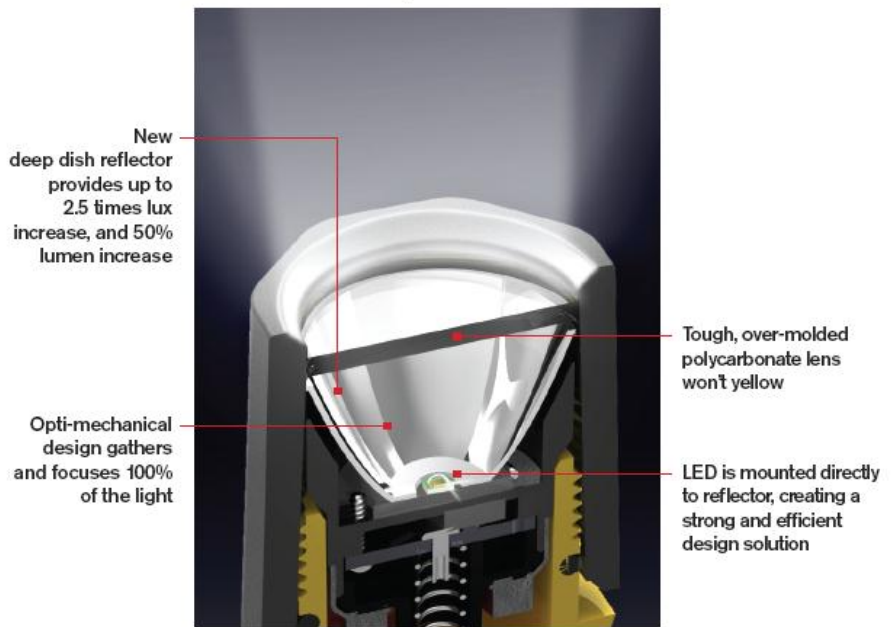

Incorporating the latest LED technology, Peli has reengineered its most popular LED torches with a brand new opti-mechanical design that dramatically increases their performance. Please note the following:

- No price increase for higher performance.
- The 2010, 2410, 3610, 2460 and 3660 Recoil™ LED models will be discontinued once previous stock is depleted.
- The catalogue numbers will remain the same but the *Recoil LED* will no longer be part of the product name- Example: *2010 SabreLite LED Light*.
- The new LED modules are not backward compatible with previous Recoil LED models.
